

Hospitality Collection 2019

Chilewich brings depth to surfaces.

Reimagining the potential of extruded yarns, New York designer Sandy Chilewich introduced her woven textiles to the international design community in 2000. The innovative placemats, runners, tray liners, and custom table coverings soon replaced the generic tablecloth that once defined fine dining, transforming how restaurants and hotels around the world set their tables. Today the design-led, family-owned company’s unique coverings for tabletops, floors, and more continue to push the boundaries of form and function. Designed and made almost entirely in the United States, the ever-evolving collection combines innovative weaves and distinctive colors with extraordinary durability and easy maintenance.

Custom Worktop

Developed in collaboration with **Eleven Madison Park** to address the functional demands and aesthetic priorities of professional kitchens, Worktops bring Chilewich's innovative textiles to the "pass," protecting these essential prep surfaces with elegant, durable, and fully customized woven coverings that feature a non-slip, commercial-grade backing. The Worktop is a turn-key solution for the daily task of preparing the pass — and much more:

- **Save time and money.** Avoid cost- and labor-intensive preparation, laundering, and replacement of makeshift linen coverings.*
- **Improve aesthetics.** Choose from a broad range of unique weaves and distinctive colors.
- **Add a layer of protection.** Prevent damage to sensitive surfaces such as granite and marble while minimizing breakage of dinnerware.
- **Eliminate metal transfer.** Avoid marring dinnerware with scuffs and scratches from direct contact with stainless steel passes.
- **Decrease ambient noise.** Dampen sounds of dinnerware being placed atop and moved about the pass.
- **Reduce waste.** Conserve energy expenditure, water usage, and paper waste associated with linen coverings.
- **Streamline setup and maintenance.** Prepare and break down passes in moments. Wipe clean with mild detergent.

* A Michelin-starred restaurant estimates that it spends \$33,600 USD per year on preparing passes using tablecloths that are secured with masking tape and require daily laundering.

Product Information

TerraStrand®

- TerraStrand, the proprietary name of our yarn, is 100% phthalate-free.
- TerraStrand contains 25% renewable vegetable content.
- TerraStrand is now used in over 90% of our woven products.
- Every square yard of TerraStrand saves 0.02 gallons of petroleum and 0.41 pounds of CO₂ as compared to conventional woven vinyls.

Chilewich is committed to continuous improvement, both in product and in process. Among our most significant environmental advancements is discontinuing the use of petroleum-based plasticizers that are typically used to soften PVC yarns and replacing them with phthalate-free, renewable vegetable compounds. We call these innovative yarns and the textiles made from them TerraStrand. Almost all of our woven products are now made with TerraStrand.

100% of our woven textile placemats and floor mats are made in the USA, and finished in our own facility in the USA. Our quality, sustainability, and original design set us apart from all others.

The Chilewich® Collection is made in the USA with the following exceptions: Linen Napkins made in China; Dahlia, Kaleidoscope, Petal, and Pinwheel made in Taiwan; Stainless Steel Napkin Rings assembled in China.

PROTECTING ORIGINAL DESIGN ACROSS NORTH AMERICA.

Chilewich is pleased to participate in Be Original Americas: an association of like-minded brands, consumers, design professionals, educators, and institutions who recognize the importance of original design and are committed to the protection of its consumers and authors.

At Chilewich, we are passionate about offering something new, whether it's a novel application, an innovative process, a repurposed technique, or a fresh juxtaposition of textures and colors. Sandy Chilewich established the company in 2000, and each year the collection grows through her tireless experimentation. She works closely with the Chilewich design team to continually explore new materials and manufacturing techniques while combining beauty with functionality.

Chilewich prides itself on originality. We specialize in the design and manufacture of woven vinyl textile products for both residential and commercial use. Vinyl is extremely durable, easy to maintain, and provides us with endless creative possibilities.

Unlike many tabletop products, Chilewich textiles can be easily washed with just water and biodegradable detergents, helping to reduce energy expenditures and laundering costs while maintaining a unique, elegant aesthetic.

Our woven vinyl products also contain Microban® antimicrobial protection. This is particularly beneficial for the home and hospitality markets. Microban® works continuously for the lifetime of the product to inhibit the growth of stain-and odor-causing bacteria, mold and mildew. Chilewich fabrics are covered by the GreenGuard® program certified by the GreenGuard® Environmental Institute, which protects human health and quality of life through the reduction of chemical exposure and improved indoor air quality.

Care Instructions

Placemats and Runners

Be sure to store Chilewich placemats flat. Do not fold or allow to crease. Chilewich placemats and runners are easily cleaned by wiping with soap and water or standard tabletop antibacterial cleanser. A high-temperature sanitizer can be used up to once a week. We do not recommend running placemats or runners through a dishwasher. Do not iron or dry with a heated dryer.

Lighter colors may be more susceptible to staining agents such as tomato, chili, and certain spices. Please consider this when making your selection. Wash such stains immediately to avoid permanent damage or discoloration. Should a stubborn stain occur, woven vinyl is very durable and can withstand aggressive scrubbing with a soft bristle brush and a bleach-based cleaner. This will remove the stain without altering the fabric.

SPECIAL CARE INSTRUCTIONS:

Interlace, Selvedge, and Tuxedo Stripe are more delicate weaves that should not be aggressively scrubbed. Dahlia, Kaleidoscope, Petal, and Pinwheel (metallic colors only), should only be cleaned with warm water, mild soap, and a clean soft sponge or cloth. Do not aggressively scrub. Rinse well and air dry. DO NOT USE CLEANING PRODUCTS THAT CONTAIN BLEACH, AMMONIA, OR HOUSEHOLD ALCOHOL. To sanitize wipe with white vinegar and a clean soft sponge or clean cloth.

Napkins

Machine wash warm (40°C or 100°F). Non-chlorine bleach only. Dry flat. Do not tumble dry. Warm iron (110°C or 230°F). Ironing should be done on slightly damp napkins for best results.

Woven Floor Mats

Best suited to dry surfaces. Vacuum or mop face of mat to clean. Air dry thoroughly. Occasionally lift and air out.

Indoor/Outdoor Cubes

Blot spills quickly. Vacuum to remove dust. Suitable for indoor and outdoor use.

Indoor/Outdoor Shag Utility Mats

Vacuum, shake out, or hose off to clean. Hang to dry. Occasionally lift and air out.

Worktop

Wipe face of Work Top with damp cloth, using mild detergent as needed. If heavily soiled, rinse with water and allow to dry. Blot spills quickly. Scrub stains with medium-bristle brush after treating with spot cleaner. Air dry thoroughly.
