CREATE MEMORABLE FOOD MOMENTS

Making great food look beautiful has always been one of Denby's core values and research shows that nearly half of us think the way our food is presented is just as important as how it tastes.

As trends move away from plain white ware into more interesting plates and bowls which showcase dishes in both hospitality and in the home, Denby's artisan handmade ranges of beautiful and unique tableware and crockery are eminently placed to provide a beautiful canvas for all kind of cuisines.

The hardy Derbyshire clay, the secret glaze recipes and the generations of craftsmanship along with the magic that happens in the kiln creates a parallel with the work of the chef – quality ingredients, expertly combined then brought out of the oven to create memorable food and drink moments that your diners will love.

WHY CHOOSE DENBY?

Denby stoneware clay is very strong. It's fully vitrified which gives it strength, durability and chip resistance. We are experts in colour and reactive all over glazes which are totally unique, beautiful and extremely hard wearing.

WHAT THE EXPERTS SAY...

"We love to use the best Spanish seasonal ingredients along with the best British meat and fish. Denby's range perfectly compliments all the different styles of my Spanish dishes, from tapas to platters, we have found just the right plate to enhance my dishes."

José Pizarro, Chef & Owner 3 Restaurants (London, UK)

Uses Halo, Heritage and Studio Craft in all 3 of restaurants and plans to expand further in line with new dishes.

"For me the Halo collection is superb, the curved edges optimise the space, the colours enhance the brightness of our ingredients, giving us more inspiration to create new dishes. There is a saying that 90% of the dish is consumed with our eyes, so Halo is now essential in our kitchen!"

KEY FEATURES AND BENEFITS OF DENBY

01| All Denby stoneware is made in the UK.

02| Stoneware clay is very strong and fully vitrified. The surface is made glassy and non-porous which gives it strength, durability and chip resistance.

03| It can be used safely in the dishwasher, microwave, in the oven (up to 350°C) and in the freezer for storing foods.

04| Each piece of pottery is still expertly glazed by craftsmen, a skill handed down from generation to generation, which makes Denby unique.

05| It's taken over 200 years to create the unique glazes, so the recipes are all top secret!

06| Launching one tableware range is the result of 24 months of team work from the original design idea through to the range going into full manufacture.

07| Each item goes through the kiln at least twice, which makes it super-strong: the first fire is at 950°C for 18 hours, the second at 1175°C for 16 hours.

08| It takes approximately 2 weeks from start to finish to create a single item.

09| As Denby is designed for living, the designers have built clever versatility features into each piece: the sugar bowl for example can be used a dipping bowl or ramekin.

10| Over 25 bowls or all shapes and sizes of bowl means we have a bowl for every dish.

11| We invest in research & trends, talk to influencers, restaurant owners and chefs to develop ranges that are relevant and modern.

12| Denby has over 20 ranges to suit a variety of styles and interiors.
