

# Contemporary Outdoor

**POINT.**

Sentarnos afuera y sentirnos adentro. O viceversa. Hay muebles que eliminan fronteras y estrechan lazos. Salones que salen al jardín, terrazas que entran en casa. Esa es la magia de POINT, su capacidad de prolongar el hogar en nuestros espacios exteriores y de ser un soplo de aire puro que se cuela para crear ambientes naturales.

*Imagine sitting outside and feeling like you're inside. Or vice versa. Furniture capable of doing away with barriers and strengthening connections. Rooms that make their way out into the gardens and patios that feel like a part of the home. This is POINT's magic, its ability to extend the home into our outdoor spaces and be a breath of fresh air that manages to sneak its way in and create natural environments.*

# Outdoor living

En 1919, cuando sentarse afuera era coger la silla más viejecita de la casa y salir al porche, POINT llegó para aportar estilo a nuestros jardines y terrazas. Hoy, un siglo después, continúa invitándonos a vestir nuestros exteriores con el mismo mimo que cuidamos el interior del hogar. Y lo hace con sus muebles contemporáneos de diseños puros, integrados en la naturaleza, hechos artesanalmente con materiales resistentes a la intemperie y con las líneas ergonómicas que exigen los momentos de relax.

*In 1919, when sitting outside meant taking the oldest chair from your home and heading out to the porch, POINT made its debut, adding some much-needed style to our gardens and patios. Today, a century later, it continues to invite us to liven up our outdoor spaces with the same amount of dedication we put into decorating the inside of the home. And it does so thanks to its fresh designs and contemporary furniture that is handmade with weatherproof materials and easily integrates into nature, with ergonomic lines that are so important when it comes to our relaxation.*

Tumbonas, sofás, sillas, mesas de maderas tropicales, aluminio, hierro o lo último en fibras que destacan por su frescura y su confort. Muebles de autor firmados por grandes diseñadores que suben el grado de la decoración en hogares, espacios contract y hospitality para que vivamos los exteriores con estilo.

Con POINT, las tendencias salen de casa y lo hacen por la puerta grande, creando espacios mágicos y confortables que completan nuestro deseo innato de conectar con nuestro yo más natural. Ambientes en los que el tiempo parece detenerse y cabe todo menos el estrés. ¿Salimos?

*Sun loungers, sofas, chairs, tables made of tropical wood, aluminium, iron, or the latest in fibres that are known for how fresh and comfortable they are. High-end furniture made by the best designers who take things to a whole new level when it comes to decorating homes, contract and hospitality spaces, allowing us to dress up our outdoor spaces in style.*

*With POINT, trends leave our homes and make their exit through the front door, creating magical and comfortable spaces that complete our innate desire to connect with our most natural self. Environments in which time seems to stand still and everything but stress is welcome. Shall we head outside?*

POINT cumple un siglo y tres generaciones. Pocas empresas pueden decir lo mismo. La marca referente internacional en mobiliario de exterior celebra sus 100 años de una historia trenzada a mano. En cada hilo, en cada nudo, en cada recodo de sus formas se pueden leer, como prismas de su tiempo, todo el diseño, la evolución y la cultura del mueble de fibra y ratán elaborado en España.

Las modas pasan, los gustos de los consumidores evolucionan, los materiales se amplían y los diseños se renuevan incesantemente. Pero la esencia de POINT ha permanecido durante tres generaciones, prolongando nuestros hogares al aire libre y haciendo confortables jardines, terrazas, hoteles y restaurantes. Hoy, como hace un siglo, son sus muebles los que hablan de POINT, de su pureza, de su bienestar y de su filosofía, difundiendo por todo el mundo la cultura que hay detrás de ellos.

*POINT is turning 100 years old, having passed through the hands of three generations. Few companies can say the same. The international leader in outdoor furniture is celebrating 100 years of handwoven history. Each and every thread, knot, and shape acts like a prism through which you can perceive the design, evolution and culture of their woven fibre and rattan furniture that is made exclusively in Spain.*

*Trends come and go, consumer tastes evolve, materials improve and designs are constantly being renewed. But POINT's essence has remained the same for three generations, bringing our homes into the outdoors and making sure our gardens, terraces, hotels and restaurants are as comfortable as possible. Today, just like a century ago, POINT's furniture speaks for itself, it speaks of the brand's purity, wellbeing and philosophy, spreading the culture behind this furniture all over the world.*

**Nika Zupanc**

Trabaja como diseñadora de producto e interiores para grandes firmas internacionales. Su peculiar estilo da lugar a creaciones con una gran carga emocional además de un exquisito acabado. Entre sus premios figuran el de Diseño Alemán en 2018 por Crystal Lamp para Contardi Lighting, el Premio Especial del Salone del Mobile en 2017 por el proyecto Tracing Identity para Castelli o el Premio ICFF en 2015 al mejor mobiliario por Collection III for Se.

She works as a product and interior designer for large international companies. Her peculiar style gives rise to creations that are emotionally charged with an exquisite finish. Some of the prizes she has received include the German Design Award in 2018 for the Crystal Lamp for Contardi Lighting, the Special Prize at the Salone del Mobile in 2017 for the Tracing Identity project for Castelli, or the ICFF Best Furniture Award in 2015 for the Collection III for Se.

**Francesc Rifé**

Inconformista por naturaleza, en 1994 funda su propio estudio en Barcelona. Sus proyectos, nacionales e internacionales, abarcan desde el interiorismo al diseño industrial en el sector comercial y el privado. Durante su trayectoria ha obtenido varios premios de diseño como los Contract World Awards, ICFF Editors Awards, Premios FAD y Premios ASCER y ha sido finalista en los Premios Nacionales de Diseño y los Delta, entre otros.

Nonconformist by nature, in 1994 he founded his own studio in Barcelona. His projects, both national and international, range from interior design to industrial design in the commercial and private sectors. Throughout his career, he has won several design awards such as the Contract World Awards, ICFF Editors Awards, FAD Awards and the ASCER Awards, and he was a finalist at the National Design Awards and the Delta Awards, among others.

**Gabriel Teixidó**

Diseñador industrial merecedor de numerosos premios. Delta de Plata en 1992 y 1997, Premio de Diseño Industrial del Consell de Cambres de Catalunya, Premio Nuevo Estilo y Premios Sidi.

Industrial designer who has won many awards. Silver Delta Award in 1992 and 1997, Industrial Design Award by the Council of the Catalan Chambers of Commerce, New Style Award and Sidi Awards.

**Vicent Martínez**

Reconocido diseñador con varias nominaciones Adi Fad así como premios Impiva, Nuevo Estilo y Sidi. En 1997 se le otorgó el Premio Nacional de Diseño de España en su categoría de Empresa. Sus diseños se incluyen en publicaciones, colecciones privadas y en las colecciones permanentes del Museu del Disseny, Barcelona, Museum für Angewandte Kunst de Colonia y en el Staatliches Museum Für Angewandte de Munich.

Recognized designer with several Adi Fad nominations, as well as the Impiva, Nuevo Estilo and Sidi awards. In 1997, he won the National Design Award of Spain in its Enterprise category. His designs have been included in publications, private collections and the permanent collections at the Museu del Disseny (Barcelona), the Museum für Angewandte Kunst (Cologne), and the Staatliches Museum Für Angewandte (Munich).

### **Studi{H}ac**

Es un atelier de diseño reconocido por su talento creativo y su trayectoria multidisciplinar. Fundado en 2003 por José Manuel Ferrero, realizan proyectos de arquitectura interior, diseño de producto y creación de montajes efímeros para instalaciones.

A design atelier recognized for its creative talent and multidisciplinary trajectory. Founded in 2003 by José Manuel Ferrero, they carry out interior architecture projects, product design and the creation of ephemeral assemblies for installations.

### **Juan Santos**

De formación autodidacta, diseña y realiza todo tipo de mobiliario desde hace más de 15 años. La verdadera representación del diseñador enamorado de su oficio, que acompaña y supervisa cada pieza desde su creación hasta ver el producto y su idea hecha realidad.

Self-taught, he has been designing and making all kinds of furniture for more than 15 years. The true representation of the designer who is love with his craft, who accompanies and supervises each piece from its creation all the way through to when the product and idea finally come to life.

### **Joaquín Homs**

Arquitecto e interiorista, diseña a partir del espacio, no del objeto. Piensa de lo general a lo particular y no sigue estilos determinados. Prefiere entender las necesidades de la gente y buscar una solución. Es co-fundador de "Colectivo Arquitectos" de México, especialista en diseño residencial y hostelería y ha desarrollado grandes proyectos turísticos por todo el mundo.

Architect and interior designer, he designs from the space, not the object. His thinking goes from the more general to the more specific and he does not follow any certain style. He prefers to understand the needs of people and look for a solution. He is the co-founder of "Colectivo Arquitectos" in Mexico, a specialist in residential design and hospitality, and has developed large tourism projects all around the world.

# Min

**Francesc Rifé**

Las cintas tensadas en los respaldos y en las bases de los muebles de esta colección nos traen bellos recuerdos de otros tiempos.

Ahora también forman parte del mobiliario más moderno de exterior y su aire retro contrasta con las estilizadas líneas de aluminio que vertebran la serie Min.

With bands stretched across the backrests and bases of the furniture in this collection, we are flooded with beautiful memories of times past.

As part of the most modern outdoor furniture, their retro air creates a unique contrast against the stylised aluminium lines that make up the backbone of the Min series.

# Dalmatia

**Nika Zupanc**

Los veranos junto al mar Adriático, la blancura de las piedras de sus playas o el color púrpura oscuro de la madera de sus pinos inspiran las líneas sinuosas y delicadas de la colección Dalmatia. Un perfecto equilibrio entre innovación, tecnología y diseño en una colección de exterior en aluminio que destaca por la frescura de sus líneas, su confort y su solidez.

Summers by the Adriatic Sea, the whiteness of the stones on the beach, or the dark purple of the wood from pine trees, this is what inspired the sinuous and delicate lines of the Dalmatia collection. A perfect balance between innovation, technology and design in an outdoor aluminium collection, which stands out thanks to the freshness of its lines, its comfort and its strength.

T

**Gabriel Teixidó**

En el exterior caben todos los colores y la innovadora colección T nos los trae en forma de sintéticas butacas, taburetes, mesitas y puffs de aluminio con algunos elementos tapizados. Diseño depurado y funcionalidad para espacios *contract* y *hospitality* que escapan a lo convencional.

All colours can be used outdoors and the innovative T collection brings them to us in the form of synthetic armchairs, bar stools, small tables and aluminium ottomans with a few upholstered elements. Refined design and functionality for contract and hospitality spaces that go beyond the merely conventional.

## Vicent Martínez

Anudando fibra a fibra, minuciosamente, como los pájaros Baya Weaver forman sus nidos, nace esta colección que evoca la tradición de envolver, atrapar y anudar las estructuras de cuerda que dieron origen a la firma hace 100 años. Sentarse, reclinarse en un sillón, tumbarse, mecerse, todo es posible en los más de 15 muebles con un sinfín de posibilidades de composición para crear espacios relajantes en el exterior.

By meticulously weaving each fibre together, just as the Baya Weaver birds build their nests, this collection evokes the tradition of wrapping, grabbing and knotting the rope structures from which the company was born 100 years ago. Sitting or reclining in an armchair, lying down, rocking... everything is possible with the more than 15 pieces of furniture offering an endless number of variations when it comes to create relaxing, outdoor spaces.

# Tub

**Gabriel Teixidó**

¿Quién dijo que las líneas rectas y las curvas no pueden combinarse? Unas aportan dinamismo y las otras dulcifican los contornos. Así de rotunda y atrevida es la colección Tub. Sillas, sillones, sofás y mesas de aluminio en un lenguaje limpio y contemporáneo perfecto para importarlo a las instalaciones más modernas.

Who said that straight lines and curves can't go together? Some add vitality while the others soften the contours. And this is exactly what makes the Tub collection so bold and daring. Chairs, armchairs, sofas and aluminium tables in a clean and contemporary language that is perfect for introducing into the most modern installations.

# Lineal

**Gabriel Teixidó**

Las líneas rectas son el camino más corto al confort. Sencillas y puras, en la colección Lineal dan vida a unos muebles de exterior que se combinan y complementan entre sí. Asientos y mesas en teca natural y con cojines de tejidos frescos y resistentes de los que no querrás moverte. La suerte es que no tendrás que hacerlo porque hasta los reposabrazos están pensados para servir de mesita.

Straight lines are the shortest way to comfort. Simple and pure, in the Lineal collection these lines bring outdoor furniture to life, which can be mixed and matched. Seating pieces and tables in natural teak and with cushions made of fresh, resistant fabrics that'll make you never want to move. And it's your lucky day, because even the armrests are designed to be used as a table.

Sunbed and auxiliary table in natural teak.

In page 117 and on the current page, armchair, sofa 2, corner table and rectangular coffee table in natural teak.

Armchair, sofa 3 and rectangular coffee table in natural teak.

# Arc

**Gabriel Teixidó**

Blanco, negro y madera, la decoración más luminosa y serena, es infalible en cualquier instalación. La colección Arc combina la fibra sintética Shintotex®, trenzada a mano, con la madera de teca para crear unos muebles doblemente resistentes y muy modernos. Sofás, sillas, taburetes, sillones, mesas de comedor, de centro y rinconeras.

Black, white and wood, the brightest and most serene type of decoration, is infallible in any installation. The Arc collection combines Shintotex® handwoven synthetic fibre with teak wood to create incredibly modern furniture that is twice as strong. Sofas, chairs, stools, armchairs, dining tables, coffee tables and corner tables.

# Fennec

**Gabriel Teixidó**

Hay asientos que tienen alas y, cuando nos sentamos en ellos, nuestro cuerpo vuela, ingrávito como una pompa de jabón. Así son los sillones Fennec con reposabrazos. Junto a ellos mesas en varios tamaños y tonos y con esa inteligente mezcla de diseño, confort y funcionalidad que requieren los exteriores más exigentes.

Some seats have wings and allow our bodies to fly, weightless like a feather. That's how you would describe the Fennec armchairs, with armrests and a headrest. But they're not alone. The tables come in various sizes and tones with an intelligent mix of design, comfort and functionality that is required by the most demanding outdoor spaces.

In page 141, dining armchair and dining table in dark 59 and table top in lava grey 82.

# Round

**Francesc Rifé**

Hay muebles que estrechan lazos. Sinuosas y orgánicas, las formas circulares y ovaladas de la colección Round son un plan redondo para tus exteriores. Ideales tanto para el hogar y el sector de la hostelería, junto a la teca natural incorporan una innovadora gama de colores en la fibra sintética Shintotex®.

There is some furniture that strengthens connections. Sinuous and organic, the circular and oval shapes of the Round collection are truly a well-rounded plan for your outdoor spaces. Ideal for both homes and the hospitality industry, they incorporate natural teak along with an innovative range of colours in the Shintotex® synthetic fibre.

In page 149, sofa 2 in ivory 36, auxiliar table in natural teak and table top in natural white 81.

In page 150-151, armchair and sofa 3 in ivory 36, coffee table in natural teak and table top in natural white 81.

On the current page, chair in multicolor 10 and dining table in natural teak and table top in black 84.

# U

## **Gabriel Teixidó**

Una idea intuitiva, crear una silla apilable, de la que surgió U, una de las series más exitosas de POINT. Hasta 17 piezas, tres tonos y todas las funcionalidades de los muebles POINT elaborados en su fibra sintética Shintotex®, trenzada a mano. Un *must have* adaptable a cualquier espacio exterior en hogares, hoteles o restaurantes para crear exteriores con estilo.

The U is one of POINT's most successful series, arising from the intuitive idea of creating a stackable chair. Up to 17 pieces, three tones, all the characteristics of POINT furniture, and made in their handwoven synthetic Shintotex® fibre. A *must-have* series that can be adapted to any outdoor space in homes, hotels or restaurants to create outdoor spaces with style.

In page 177, dining armchair and rectangular dining table in toasted 03.

# Sunset

**Esther Campos**

Con cortina, para una siesta sin prisa, o sin ella, para un atardecer romántico... Sunset es una tumbona para compartir. Su ligero dosel, más allá de dar sombra, nos hace sentir como los protagonistas de un cuento contemporáneo. Su estructura, firme y resistente, es de aluminio anodizado, y el lecho es de la fibra sintética Shintotex® de POINT con su trenzado artesanal.

With a canopy for an unhurried nap, or without it for a romantic sunset... Sunset is a sun lounger to share. Its lightweight canopy, in addition to simply providing shade, makes us feel like the main characters in a modern-day fairytale. Its firm and resistant structure is made of anodised aluminium, while the bed is made of POINT's synthetic Shintotex® fibre with its handmade weaving.

In page 195 double sunbed with no curtains in toasted 03.

On the previous and the current page, double sunbed with curtains in ivory 36.

# Armadillo

## **Joaquín Homs**

En el jardín como reyes. Es tiempo de elegir ese asiento que nos arropará en una lectura mágica, una siesta sin prisas o un baño de sol. Regresa por un momento a la infancia y déjate mecer por este columpio ligero y ultrafresco gracias a sus materiales naturales y resistentes. Detalles plus que elevan el tono del patio, terraza o jardín y asombran aportando su diferencia.

Imagine sitting in the garden like kings. Now's the time to pick that chair that will wrap us up as we read, take a carefree nap or sunbathe. Let yourself travel back in time for just a moment to your childhood, as you're rocked by this lightweight and incredibly fresh swing that features natural yet durable materials. Unique details that raise the bar when it comes to the atmosphere of your patio, terrace or garden, and which will leave you speechless once you've seen what a difference they make.

In page 199, swing in ivory 36.

On the previous and the current page,  
swing with base in toasted 03.

# Colors & Compact

**Gabriel Teixidó**

Cuadradas, rectangulares o redondas, las tapas Compact con los pies Colors se unen para ofrecer infinitas combinaciones de mesas para espacios e instalaciones al aire libre. Líneas limpias, puras y sencillas en aluminio pintado, sin cristal y con patas disponibles en una gran variedad de colores.

Square, rectangular or round, the Compact tops with the Colors legs offer endless tables possibilities for outdoor spaces and installations. Clean, pure and simple lines in painted aluminium, without glass and with legs available in a wide range of colours.

In page 203 COLORS table base in dark 59, COMPACT HPL rounded top in black and TUB armchair in gunmetal grey 56.

# Mist

## Estudi{H}ac

¿Y qué serían las noches al exterior sin un halo de misterio...? El curioso volumen del trenzado de fibra sobre la estructura de metal de las lámparas-jardineras Mist embellece tanto las plantas como la luz LED que incorporan. Un haz luminoso que se cuela por sus formas caladas y proyecta un efecto mágico creando atmósferas sofisticadas.

What would evenings outdoors be like without an air of mystery...? The interesting volume of the woven fibre on the metal structure of the Mist lamps/planters embellishes both the plants and the LED light that sneaks its way in and creates a magical effect that gives way to a sophisticated atmosphere.

In page 209 lamp 150, lamp 110  
and lamp 65 in dark 59.

On the previous page, planter 150,  
planter 110 and planter 65 in ivory 36.

# Umbrellas

Beach, Ombra & Roma

## Point Studio

Diseño y funcionalidad se unen en la familia de parasoles de POINT. Tejidos de calidad en una amplia gama de tonalidades; y otros materiales como: aluminio, varillas de fibra de vidrio, baldosas de cerámica, de hormigón o de pvc con ruedas. Líneas depuradas y materiales *high tech* para resguardarse del sol en jardines, terrazas e instalaciones.

Form and function come together in the family of POINT umbrellas. Quality fabrics in a wide range of shades; and other materials such as: aluminium, fibreglass rods, ceramic tiles, concrete or PVC with wheels. Refined lines and high-tech materials to protect you from the sun in gardens, patios and other installations.

In page 213, OMBRA umbrella and base in fabric 21, and JAZZ sunbed in white snow 70.

# Finishes and maintenance

## Aluminio Aluminum

Es el material utilizado en estructuras y patas de los muebles. Se utilizan perfiles de diversas formas y medidas. Los espesores varían entre 0,5-2,5 mm dependiendo de la zona donde se aplique. Para zonas de mayor resistencia y tensión, como pueden ser patas, brazos y refuerzos, se utiliza el mayor espesor.

This is the material used in the structure and leg of furniture. Profiles of various shapes and sizes are used. Thicknesses range from 0,5 to 2,5 mm, depending on the area where it is applied. For those areas which endure greater strength and stress, such as legs, arms and reinforcements, a greater thickness is used.

## Aluminio pintado en polvo Powder coated aluminum

Con resina epóxica como ligante, para incrementar la resistencia a la corrosión, abrasión y a los agentes químicos.

With epoxy resin as a binder to increase resistance to corrosion, abrasion and chemical agents.

## Aluminio anodizado Anodized aluminum

El aluminio se somete a un proceso electrolítico, es recubierto con una capa que le brinda una gran protección ante las amenazas del medio ambiente.

Aluminium undergoes an electrolytic process, is coated with a layer that provides great protection against environmental threats.

## Limpieza y mantenimiento Maintenance and cleaning

Utilizaremos bayetas suaves o esponjas que no rayen la superficie y agua con jabón o detergentes neutros diluidos en agua; nunca productos abrasivos. Después se enjuagará con agua limpia y se secará con un paño, para evitar que el detergente afecte al material.

Use soft cloths or sponges that will not scratch the surface with soap and water or neutral detergents, diluted in water; never use abrasives. It is then rinsed with clean water and dried with a cloth to prevent the detergent from affecting the material.

## Acero Inoxidable Stainless Steel

Se utiliza la aleación 304L, que es un acero inoxidable austenítico. Acabado electropolido que le proporciona mayor resistencia a la corrosión.

An 304L alloy, which is an austenitic stainless steel, is used. Electropolished finish that provides greater resistance to corrosion.

### Limpieza y mantenimiento Maintenance and cleaning

Polvo y suciedad: lavar con agua y detergente de PH neutro. Áreas oxidadas: solución de Ácido nítrico al 20% y agua.

Dust and dirt: Wash with water and neutral PH detergent. Oxidized areas: 20% solution of Nitric Acid and water.

## Compacto HPL

Es el material de las tapas de las mesas de algunas colecciones. Se trata de tablero compacto de 10 mm de espesor en calidad standard (CGS) termoendurecido a alta presión en formato 4200 x 1600 mm con el núcleo compuesto de resinas fenolicas y superficies decorativas impregnadas en resinas melamínicas.

This is the material used for the table tops of some collections. It is a 10 mm thick, compact board in standard quality (CGS), which was thermoset at high pressure and in a 4200x1600 mm format, with a core which is made of phenolic resins and decorative surfaces that are impregnated with melamine resins.

### Limpieza y mantenimiento Maintenance and cleaning

Las superficies de compacto deben limpiarse con regularidad pero no requieren ningún mantenimiento especial, solo un paño húmedo con agua templada o detergente suave. Se pueden usar perfectamente casi todos los productos de limpieza o desinfectantes domésticos siempre y cuando estos no sean abrasivos o altamente alcalinos.

Surfaces made out of HPL material should be regularly cleaned and do not require any special maintenance; just wipe with a damp cloth that has been previously soaked in lukewarm water with a gentle detergent. Almost all kinds of cleaning products can be perfectly used as long as they are not abrasive or highly alkaline.

## Teca Teak

Point utiliza madera teca de grado A, de origen asiático. Contiene un alto nivel de aceite y gomas naturales, esto le da una alta flexibilidad y durabilidad.

Point uses grade-A teak wood of Asian origin. Contains a high level of oil and natural rubbers, which provides it with great flexibility and durability.

## Merbau Merbau

Madera procedente del sudeste de Asia y Oceanía. Es moderadamente pesada y dura. Tiene una resistencia mediana a las torceduras y buena resistencia a los golpes.

Wood from south-east Asia and Oceania. It is moderately heavy and hard. It has an average kink resistance and a good resistance to shocks.

## Limpieza y mantenimiento Maintenance and cleaning

Si el mueble de Teca o Merbau ha estado expuesto a los elementos y se deja sin tratamiento, ambas maderas se enfrentaran a una pátina de color gris plateado después de unos meses. Este cambio en la apariencia de la madera no afecta a la integridad estructural de los muebles. En este caso, únicamente deberá limpiar a fondo una o dos veces al año, con agua tibia y jabón neutro, frotando con una esponja.

Si desea conservar el color dorado-marrón de estas maderas nuevas recomendamos el producto sellador de Point ( aceite de teca ). Este tipo de productos no afectará a la resistencia o longevidad de los muebles, únicamente a su apariencia. Se recomienda aplicar el sellador de teca dos veces al año aproximadamente.

If Merbau or Teak furniture has been exposed to weather and left untreated, both woods will show a silvery grey patina after a few months. This change in wood appearance does not affect the structural integrity of the furniture. In this case, you only have to clean it thoroughly once or twice a year with warm water and a mild soap, scrubbing it with a sponge.

If you want to preserve the golden-brown colour of these new woods, we recommend the Point sealant (teak oil). This type of product does not affect the strength or longevity of the furniture, only its appearance. It is recommended to apply the teak sealant twice a year or so.

## Polietileno Polyethylene

Es el material utilizado en la colección Weekend. Se presenta en planchas de polietileno de alta densidad fabricadas por extrusión, de 2 cm de espesor. Con aditivos UV (protección solar) para que el color no sufra alteraciones. Tanto para los asientos como para tapas de mesas se utilizan planchas de cuatro colores diferentes: blanco, negro, taupe y gris.

This is the material used in the Weekend collection. Its format is high-density polyethylene manufactured under an extrusion process and 2 cm thick. It has UV additives (for solar protection) to ensure that no discolouring takes place. For both the seats and the table tops slabs available in four different colors are utilized: white, black, taupe and grey.

### Limpeza y mantenimiento Maintenance and cleaning

El mantenimiento de estos materiales es mínimo ya que no sufren deterioro con el paso del tiempo. Para limpiar basta con pasarle un paño húmedo o aplicar agua y jabón neutro. Para disimular rayas y defectos superficiales puedes utilizar espráis/ líquidos reparadores que se encuentran en el mercado.

Maintenance of these materials is minimal, since they do not deteriorate over time. To clean them, it is enough to pass a damp cloth or apply water and a mild soap. To conceal scratches and surface defects, you can use repairing sprays / liquids found on the market.

## Granito Granite

El granito es una roca ígnea de gran belleza y exclusividad. La composición básica del granito es el cuarzo, feldespato y mica, que le confieren una dureza muy alta en la escala de Mohs y una gran resistencia a la abrasión. Es además totalmente reciclable, ecológico y de fácil mantenimiento.

Granite is an igneous rock of great beauty. The flecked look of granites is caused by the presence of mica, quartz and feldspar which produces different size grains, colours and swirls and which give this material such charisma. It is not affected by erosion or climatic changes and is therefore the perfect material for decorating and cladding high transit areas. Granite has a high resistance to abrasion and is totally recyclable, organic and easy to maintain.

### Limpeza y mantenimiento Maintenance and cleaning

Para la limpieza del granito simplemente utilizar paño de algodón húmedo con agua.

For cleaning the granite simply use a damp cotton cloth with water.

## Porcelánico Porcelanic

Se trata de un material porcelánico elaborado de 12 mm de espesor. Características técnicas: Impermeable y resistente a líquidos, con un nivel de absorción próximo a cero. Resistente al rayado y a la abrasión gracias a la dureza de su superficie. No se quema en contacto con el fuego ni emite humo ni sustancias tóxicas al ser sometido a altas temperaturas. Resistente a cualquier tipo de agente químico de limpieza. No desprende sustancias nocivas. Es totalmente apto para el contacto con los alimentos. Certificado NSF. Siendo 100% natural, los colores no se desvirtúan cuando el material se expone al sol o a condiciones meteorológicas extremas. No desprende ninguna sustancia nociva para el entorno. Hasta un 52% de material reciclado en cada tabla. 100% reciclable. 30 kg/m<sup>2</sup> en la tabla de 12 mm. Módulo de rotura elevado. Resistente a altas cargas de presión y peso.

Here we are dealing with a 12 mm-thick porcelaneous material. Technical characteristics: Waterproof and resistant to liquids, with an absorption level close to zero. Scratch- and abrasion-resistant thanks to the hardness of the surface. No combustion takes place if in contact with fire and no smoke nor toxic substances are released when it is subjected to high temperatures. Resistant to any type of chemical or cleaning agent. No dangerous substances are given off. It is totally apt for contact with foodstuffs. NSF Certificate. Being 100% natural, colours do not fade when exposed to the sun or subjected to extreme meteorological conditions. No dangerous substances that may harm the environment are given off. Each board contains up to 52% of recycled material. 100% recyclable. 30 kg/m<sup>2</sup> in a 12 mm board. Module: highly resistant to breakage. Resistant to high pressures and loads.

## Limpeza y mantenimiento Maintenance and cleaning

Tienen una limpieza bastante fácil, ya que los restos de comida y residuos que se depositen, no pueden penetrar en el material, por lo que garantizan una buena higiene; para la mayoría de los casos, sólo bastará con un paño húmedo para limpiarlo. Use un paño de microfibra para quitar el polvo de la superficie. Se puede lavar con agua tibia, a la cual se le puede agregar un detergente en la dosis de uso recomendado por el fabricante. (Deben evitarse productos que contengan ácido fluorhídrico y sus derivados). Enjuagar con agua tibia y secar con bayetas o algo similar.

Quite easy to clean, as traces of foodstuffs and other residues that may be deposited cannot penetrate the material and therefore hygiene is highly enhanced; in most cases, a damp cloth is sufficient to wipe-clean the surface. Use a microfibre cloth to dust the surface. To wash, use lukewarm water; a detergent may be added according to the dosage recommended by the manufacturer. (products containing fluorhydric acid and its derivatives should be avoided). Rinse with lukewarm water and dry with a cleaning cloth or similar.

## Cristal Glass

Cristales templados de seguridad. Dureza de 6 a 7 en la escala Mohs. Resistencia a la mayoría de agentes químicos, excepto el ácido hidrófluorhídrico.

Tempered safety glass. Hardness of 6 to 7 on the Mohs scale. Resistance to most chemicals, except for hydrofluoric acid.

### Limpieza y mantenimiento Maintenance and cleaning

Para eliminar los restos de suciedad de las tapas de cristal bastará con ayudarnos de un trapo que no deje pelusa y cualquier producto limpiacristales, o bien preparar una solución de agua, amoníaco y alcohol.

To remove dirt from glass tops, you will simply need a lint-free cloth and any glass cleaner or prepare a solution with water, ammonia and alcohol.

## Cuerda Rope

Tanto el ánima como el recubrimiento del cordón, es de polyester texturizado de fibra cortada. Para conseguir una mayor solidez a la luz e intemperie, el proceso de tinte es AUTO y además lleva un filtro de color para mayor fijación.

Both the cord and the lining of the cord are textured polyester of cut fiber. To achieve a greater fastness to the light and weather, the dyeing process is AUTO and also includes a color filter for more fixing.

### Limpieza y mantenimiento Maintenance and cleaning

Utilizar solución jabonosa de PH neutro para la limpieza de residuos o manchas. Evitar el contacto con productos abrasivos (lejías, cloro, aceites, productos con ácidos o sustancias corrosivas en su composición).

A soapy solution of neutral PH can be used to clean residues or spots. Avoid contact with abrasive products (bleach, chlorine, oils, any product including corrosive acids or substances in its composition).

**Shintotex®**  
Advanced synthetic fibres

Es la nueva fibra sintética para muebles de exterior, inspirada en la naturaleza y perfeccionada técnicamente hasta alcanzar el máximo nivel de confort, funcionalidad y durabilidad. El shintotex está compuesto por PP y PE más componentes catalizadores como filtros UV, pigmentos, aditivos anti-estáticos y elementos plastificantes.

It is a new synthetic fibre for outdoor furniture, inspired by nature and perfected by technology to achieve maximum comfort, functionality and durability. The Shintotex is made of PP and PE, as well as catalysts, such as UV filters, pigments, additives, anti-statics and plasticisers.

**Características Técnicas:**

Resistencia a cambios climatológicos.  
Resistencia a agentes químicos abrasivos.  
Resistencia a rotura y deterioro por el uso.  
Alta flexibilidad.  
Total reciclaje.

**Technical Features:**

Resistant to weather changes.  
Resistant to abrasive chemical agents.  
Resistant to breackage and wear & tear.  
Highly flexible.  
Fully recyclable.

**Características Estéticas:**

Calidez y apariencia natural.  
Tacto agradable.  
Variedad de texturas y trenzados.  
Fácil limpieza.  
Mayor ligereza.

**Aesthetical Features:**

Warmth and nature appearance.  
Pleasant to the touch.  
Variety of textures and braids.  
Easy to clean.  
Lighter.
